

SIX INDICTMENTS ACCUSE FOUR MORE OF 'FIREBUG TRUST'

Two New Charges Against
Grutz and Newmark in
Big Arson Case.

Six more indictments were handed up in the Court of General Sessions, Judge Rosinsky presiding, this afternoon, as a result of the confession of Isador Stein, alias "Izy the Painter," chief "mechanic" of the Arson Trust. These include additional bills against George Grutz, an insurance adjuster, now in the Tombs in default of \$30,000 bail on two former indictments; Kallman, Newmark, who is at large under \$20,000 bail on an indictment charging him with submitting a false proof of loss to a fire insurance company, and four others of the gang. These names were not made public, the men not yet having been arrested. Bench warrants were issued and placed in the hands of Fire Marshal Prial, whose assistants searched all last night for an insurance broker indicted with Grutz and Henry Freeman yesterday, believe the broker has become a fugitive. Many of the persons mentioned by Stein as having hired him to set fires have fled. More than twenty persons for whose arrest warrants have been, or will be, issued have disappeared. Several of them have been located and after indictment will be extradited. Another "mechanic" who made it a

business to set fire to factories and plants in which big losses were sustained has been traced to Mexico. Assistant District Attorney Weller began today an investigation into the alleged burning of a large business house in this city in the Spring of 1912. Counsel for sixteen insurance companies who allege they were swindled out of \$30,000 have laid before Mr. Weller documents charging that the fire was of incendiary origin. Freeman, an adjuster now in the Tombs under \$5,000 bail, is named by the insurance companies as having negotiated settlement of losses by this fire. Freeman was arraigned before Judge Rosinsky in General Sessions today to plead to the indictment filed against him yesterday, but at the request of his counsel the pleading was adjourned until Monday.

PICTURE SHOW TRUST GAVE FREE FILMS TO OUST RIVALS

Manager, at Government Hearing,
Tells How Competition
Was Stifled.

Louis Rosenblum, general manager of the New York Film Company, continued today his testimony in the suit of the United States Government to dissolve the Motion Picture Patents Company, alleged to be a combination in violation of the Sherman anti-trust law. The witness told of the methods adopted by the Patents Company and its subsidiary company, the General Film Company, to fight the Greater New York Film Company. He said it was the policy of the General Film Company, when it was found a theatre was using the Greater New York film service, to supply other theatres in the

neighborhood with high-class films without charge. Using these free films, the theatres controlled by the General Film Company frequently forced rival exhibitors to go out of business or purchase films from that company.

Jacob Able of R. F. D. No. 1, Milltown, N. J. writes: "For the last three years I have had kidney disease and backache, and I have had it so bad that for eight days and nights I could not get my clothes off. I thought I would try Radway's Ready Relief. I gave my back and hip and sides a good rubbing, and in a short time the pain was all gone. No one in this world knows but God and myself, the misery I was in till I used Radway's Ready Relief. I thought it was my duty to let you know what your medicine has done for an old man."

Mustard's Quick Relief Without the Blister!

You remember the good old-fashioned mustard plaster.
Your mother and your grandmother used to apply it whenever you had a cold, an ache or a pain.
It burned like sixty, but it surely did the work.

Here is the old family remedy, greatly improved by science and put up in Twentieth Century form—

The quick and blessed relief without the blister of the mustard, or the bother and messiness of the plaster.

MUSTEROLE is a clean, white ointment, made with the oil of mustard. For MUSTEROLE, the oil of the highest grade of mustard is refined until it is as pure as human milk can make it.

You simply rub it on the spot where the pain is—rub it on briskly—and the pain is gone.
Not a blister is left even on tender skin. Instead it has a delicious, comforting effect.
You don't have to spread MUSTEROLE on a cloth. Just apply it with the finger tips.

You don't have to bind on a cloth. MUSTEROLE is so penetrating that it goes right through the pores at once.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Cough, Stomach, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the back or joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's—in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 50c or 50c to the Musterole Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Mrs. James Horlick, West Philadelphia, Pa., found Musterole the best thing I ever used. (21)
